RE: COVID-19 Risk Premium/Bonus

Dear Ms Buckley

Following the positive announcement by a major retailer last week in the above regard and the fact that your business continues to trade during the current unprecedented global health crisis I have been instructed by our members to seek a similar type payment in recognition of their ongoing commitment to maintain themselves in the frontline in order to maintain what has now been recognised as an essential public service.

Furthermore we are also seeking the following

1. Commitment to full pay for any staff member who is required to self-isolate or who is absent due to the fact they have contracted the virus
2. Increase to 20% for the Staff Privilege Card

I trust you will give the above request the urgent attention that it deserves.

Yours sincerely
For Mandate Trade Union

Gerry Light
Assistant General Secretary
